

Pinnacle Dance North

School Calendar 2018--2019

In order to fully take advantage of our dance program students must develop skills as well as perform them for an audience. It is within the performances that we offer at PDN that the students develop the most self-confidence. Contracts are designed to teach skills consistently and effectively as well as synthesize semester objectives into final performances. Both parents and students must be committed to this program at the start.

Commitment is important and attendance is essential not only to each individual students, but to the classroom as a whole. We work together as a team in each class to learn, perfect our technique, perform and succeed as a group. Each semester, when choreography begins, any absence effects the whole class we take attendance very seriously at our dance school. Please call the studio if you must be absent.
